Quick & Easy system

UPONOR GmbH

STATEMENT BY KIWA

This technical-approval-with-product-certificate on the basis of BRL 5606 "Plastics piping systems of PE-X intended for heating installations: radiator connections dated 25-10-2016, inclusive amendment sheet dated 8-3-2023, is issued according to the Kiwa-Regulation for Certification.

The quality system and the product characteristics belonging to the Quick & Easy system are checked periodically and the performance of the Quick & Easy system in the application as floor heating is assessed. The basic principles for the assessment are checked periodically .

Based on this Kiwa declares that:

- legitimate confidence exists that the by the holder of the technical approval- with-product certificate delivered Quick & Easy system comply with:
 - the technical specifications as laid down in this technical approval-with-product certificate;
 - the product requirements as laid down in this technical approval-with-product certificate, provided that they have been marked the Quick & Easy system with the KOMO®-mark in the manner as indicated in this technical approval-with-product certificate;
- the Quick & Easy system provides the performances as described in this KOMO technical approval-with-product certificate, provided that:
 - the application conditions and technical specifications as described in this KOMO approval-with-product certificate are met;
 - the manufacturing takes place according to the processing methods as laid down in this technical approval-with-product certificate.

Within the framework of this KOMO technical approval-with-product certificate there is no inspections with regard to the production of other parts of the Quick & Easy system or the processing of the Quick & Easy system.

Wim van Loon
Managing Director Nederland
