

## SUPPLIER'S DECLARATION OF CONFORMITY

(According to standard ISO/IEC 17050-1)

**Number:** 2413

**Manufacturer:** Jita Oy

**Product group:** Jitel-cable protection pipes double

**Product sizes (OD) and ring stiffness classes:** 50 mm SN8, 75 mm SN8 and SN16, 110 mm SN8 and SN16, 140 mm SN8 and SN16, 160 mm SN8 and SN16, 200 mm SN16

**Material:** High Density Polyethylene (HDPE) or Polypropylene (PP)

These products are classified according to standard SFS 5608 into classes A and B, where ring stiffness SN8 = B and SN16 = A.

Ring stiffness is tested according to standard SFS-EN ISO 9969.

### Additional information:

- These products have a structured, double-wall construction. Internal surface is plain and external surface is hollow annular profiled.
- The colour of the pipes is usually yellow or red, also other colours are possible.
- Socket is always included.
- Sizes 50 and 75 mm in ring stiffness class B (SN8) are delivered in coils.

The Quality and Environmental Management System of Jita conforms to the standards ISO 9001 and ISO 14001 and is certified by DNV Business Assurance. Certificates are valid for the following scope: Design, manufacturing and sales of water steering systems and wastewater systems as well as cable protection products.
